

# The Michaelman

Saint Michael's College  
Winooski, Vermont, 05404

OFFICE OF THE PRESIDENT

July 9, 1975

Rev. Francis E. Moriarty, S.S.E.  
President, Saint Michael's College

Dear Members of the Class of 1979:

As we anticipate the commencement of the academic year 1975-76, it is my happy privilege to extend to all who will newly enroll at Saint Michael's a word of fraternal greeting and warm welcome.

We look forward to your participation in our campus community life. I am confident that you will enjoy your experience here and that you will profit from it. I am equally confident that each of you will enrich our community through the special talents and gifts that you bring with you. I am hopeful that we in turn may contribute something precious and valuable to your lives.

Our latest facility, the very beautiful Michael and Margaret McCarthy Arts Center, will be completed and available for use by the time you arrive on campus. It is an exciting prospect. The lives of Michaelmen and Michaelwomen for decades to come will be enormously enriched by this cultural center.

Please read this publication carefully. It will provide much valuable information and will greatly facilitate your transition to campus life at Saint Michael's College.

We all look forward to meeting our new students and their parents in the fall.

Sincerely,

Francis E. Moriarty, S.S.E.  
President

## Freshman Orientation Begins Aug. 30

Now that you are part of us, we are looking forward to your coming with as much expectancy as you are. The program below should provide you with the basic outline of the Freshman Orientation Program. Final details for the program itself will be distributed to you when you arrive on campus.

The purpose of the program is to acquaint you, the student, with the resources and people that are available to you during your stay at Saint Michael's. We hope that you will take advantage of these three days to meet the various people who would like to make your educational experience at Saint Michael's a truly rewarding one.

As you can see from the schedule, the program has been divided into three segments each represented by one day of activity. On the first day, half of the class will be taking part in the resource program, while the

other half will be involved in an awareness lab conducted by the Counseling Center. These two groups will change programs on the second day. On the third day, all students will meet with Academic Advisors in the morning and register in the afternoon.

Throughout each day, you will be meeting in small groups with an upperclass advisor. These students are volunteers who have shortened their vacation in order to help you become familiar with the College. I think you will find that these students represent the type of friendly spirit for which Saint Michael's has been noted in the past.

I hope you enjoy these few days of Orientation. If I or anyone on my staff can be of assistance to you, please feel free to contact us.

Jerry E. Flanagan  
Director of Admissions

### PLEASE READ THIS PROGRAM CAREFULLY August 30 — September 3

#### SATURDAY, AUGUST 30

1 PM-4 PM ..... All new students should plan to arrive on campus this day. Everyone should report to Alliot Hall, Room 125 to pick up registration materials.  
5 PM-6 PM ..... Dinner in Alliot Hall.  
7 PM ..... Mass in the Chapel. Address by Father Moriarty, President.  
8 PM ..... Opportunity to meet student advisors and Residence Hall Staff.

#### SUNDAY, AUGUST 31

7:30-8:30 ..... Breakfast in Alliot Hall  
9:00-12 noon ..... Group A Awareness Lab in Alliot Lounge  
9:00-12 noon ..... Group B General Resource Presentation in McCarthy Fine Arts Center  
12:00-1 PM ..... Lunch in Alliot Hall  
1 PM-4 PM ..... Groups A and B Continuation of Morning sessions in same areas  
5 PM-6 PM ..... Dinner in Alliot Hall  
7 PM on ..... Social Event (to be announced)

#### MONDAY, SEPTEMBER 1

7:30-8:30 ..... Breakfast in Alliot Hall  
9:00-12 noon ..... Group A General Resource Presentation in McCarthy Fine Arts Center  
9:00-12 noon ..... Group B Awareness Lab in Alliot Lounge  
12:00-1 PM ..... Lunch in Alliot Hall  
1 PM-4 PM ..... Groups A and B Continuation of morning sessions in same areas.  
5-6 PM ..... Dinner in Alliot Hall  
7 PM on ..... Social Event (to be announced)

#### TUESDAY, SEPTEMBER 2

7:30-8:30 ..... Breakfast in Alliot Hall.  
9:00-12 noon ..... Follow schedule found in registration packet. This is the day to meet with Faculty advisors and discuss your program.  
12:00-1 PM ..... Lunch in Alliot Hall.  
1 PM-4 PM ..... Registration for classes, Alliot Hall.  
5 PM-6 PM ..... Dinner in Alliot Hall.  
7 PM on ..... Program to be announced.  
FRESHMEN CLASSES BEGIN WEDNESDAY, SEPTEMBER 3

ACADEMIC CALENDAR

1975-76

- 1975
- Aug. 30, 31 .....Freshman Orientation.
- Sept. 1, 2.....Freshman Orientation.
- Sept. 3.....Classes begin for Freshmen. Registration for Upperclassmen.
- Sept. 4.....Classes begin for Upperclassmen.
- Sept. 18.....Last day for course changes.
- Sept. 29.....Feast of St. Michael. Classes as usual.
- Oct. 13.....Holiday
- Oct. 14.....Last day for making up grades of I and X from previous semester.
- Oct. 24.....Quarterly reports due.
- Oct. 29.....Last day for withdrawing from courses without penalty.
- Nov. 1.....Feast of All Saints. Classes as usual.
- Nov. 16.....Feast of Saint Edmund.
- Nov. 26.....Thanksgiving recess begins at 11:30 A.M.
- Dec. 1.....Classes resume.
- Dec. 8.....Feast of the Immaculate Conception. Classes as usual.
- Dec. 11-12.....Study days.
- Dec. 13, 15-19.....Final Examinations.
- Christmas vacation begins after the last examination.
- End of Semester.
- 1976
- Jan. 19.....Registration for second semester.
- Jan. 20.....Classes resume.
- Feb. 3.....Last day for course changes.
- Mar. 1.....Last day for making up grades of I and X from previous semester.
- Mar. 5.....Quarterly reports due.
- Mar. 10.....Last day for withdrawing from courses without penalty
- Mar. 12.....Spring vacation begins after the last class.
- Mar. 22.....Classes resume.
- Apr. 15.....Easter recess.
- Apr. 19.....Classes resume.
- May 13-14.....Study days.
- May 15, 17-21.....Final examinations.
- May 30.....Commencement.

THE  
MICHAELMAN

The Editors of this edition wish to thank all who contributed articles and the following people whose efforts made this issue possible:

Carol Deforge	Dr. Alex Nagy
Jerry Flanagan	Janice Parks
Jacki Murphy	John Sheehy

Published every Saturday during the academic year by and for the students of St. Michael's College. Opinions expressed in this publication are not necessarily those of the administration or faculty of St. Michael's College. Opinions expressed in by-lined articles are not necessarily those of the editors.

Letters From ...

Dear Freshmen:

As president of the Saint Michael's College Glee Club, let me be one of the first to welcome you to Saint Michael's. I'm sure you'll find many new and rewarding experiences here at the college. Among the many opportunities open to you are the Glee Club (male), the Vermont Collegiate Chorale (co-ed) and the Wind Ensemble.

The all-male Glee Club is one of the oldest and finest organizations on campus. Many diversified pieces are done which include show tunes, electronic music, jazz, and spirituals. Several times a year the Glee Club combines with girls' colleges to perform joint works.

The newly organized Vermont Collegiate Chorale has been in existence for three years. Among their concerts include a performance at the Riverside Church in New York City this year. The group is comprised of men from Saint Michael's and women from both Saint Michael's and Trinity Colleges. The president of the Chorale is Skip Gelati, Alumni Hall.

If you play an instrument, don't forget to bring it along! The Wind Ensemble has openings for next year and plans are being worked out for a concert band, a stage band, and a pep band. Interested students should contact Dr. Paul LeClair, x305.

All three groups provide forms of relaxation and musical experience. Previous experience is not needed, however, what is needed is the desire to participate and to put forth a bit of effort to produce a good concert, whether it be with instruments or voices.

If you are interested in one of these groups please notify either Dr. Tortolano or myself when you arrive on campus. My campus address is Alumni Hall, room 150, so stop in and say hello!

Once again, welcome! Enjoy the rest of your summer vacation, and I am looking forward to meeting you all in September.

Sincerely yours,

Kevin J. Ryan  
St. Michael's College  
Glee Club President

Dear Students:

It is certainly my pleasure to welcome each and every one of you to our St. Michael's Community in my position as one of the Assistant Deans of Students. Mr. Lewis Whitney and myself are looking forward to a successful academic year and the opportunity of meeting all of you personally.

Our areas of responsibility include the residence halls and their advisors, discipline, and student activities. The latter is one of my main interests and it is in that field I will probably have the most contact with you. Our activity programming procedures worked very well last year and we hope that you and our offices can continue to work together to make things run smoothly again this year. It is your enthusiasm, suggestions, and cooperation that will make St. Mike's a great place to be this year.

My office is Room 116 in Alliot Hall, directly across from Mr. Whitney's, so if you care to, why not drop by to see us — even if it's just to say "Hi".

Sister Jeanette Asselin  
Ass't. Dean of Students

Dear Freshman,

Welcome to our campus family, we are pleased to have you join us. The Security Team wants you to know a little about our services before your arrival. We are convinced that this will aid you in your transition.

Our services are many and all are designed with the student in mind. We patrol the campus and work closely with the local police.

One of our services is the maintenance of a serial number file for students' valuables. The material recorded in this register is contributed by the student. Because many students do not record serial numbers we started this system to assist them in notifying the insurance company and the law enforcement people of a traceable identification number. We are pleased to report that this has helped several of our students. Please consider this service.

For those of you wondering about your car . . . leave it at home until the second semester. The only freshmen permitted to maintain a car on campus is the second semester student or the commuter. When you finally get that car here, we will register it for you. This service enables us to control the available parking spaces and contact a study quickly without waiting several hours for a registry check. Registration will cost one dollar. This figure covers the cost of the printed material you will receive.

Again, welcome! Please stop by and get acquainted early in the semester. We are all real people and we are concerned about you as a person.

The Security Team  
Edgar C. Hooke, Chief

Dear Parents and Students:

On behalf of the Dean of Students offices, I wish to join in welcoming you and to congratulate you on your choice of colleges. Since our offices are responsible for your campus life outside the classroom, we hope to be in contact with you in a personal and positive way during the next four years. My two assistants are Sister Jeanette Asselin, Room 116, and Mr. Lewis Whitney in Room 119. Another integral part of my office is Security, and our Chief of Security, Mr. Edgar Hooke, is also submitting material on his office policy and areas of responsibility. Not only does my office deal with all disciplinary functions, residence halls and residence hall staff members, but other areas as set forth in the Student Guide on page 26. I would urge you to familiarize yourselves with this pamphlet thoroughly and use it as a guideline during your tenure at

St. Michael's.

Also enclosed are copies of the Housing and Meal contract. After reading and signing the contract, please return the colored copy to my office no later than August 8th.

As noted in the Student Guide, it is a firm policy of the college for all full-time students to reside with their parents or relatives; if not, you must reside in the campus residence halls. Exceptions are granted at the discretion of the Dean of Students when space in the residence halls has been exhausted.

My offices maintain an open-door policy, in that if you need assistance with a problem that comes under the jurisdiction of our offices, you are free to come in or to set up an appointment.

Again, we are glad to have you with us and hope that your endeavors at the college will be successful.

Sincerely yours,

Donald R. Sutton  
Dean of Students

Dear Class of 1979:

I would like to take this opportunity to welcome you as members of the Saint Michael's College community.

The Student Association is the governing organization on campus. It is responsible for all student activities. Through the S.A. all campus clubs and organizations are recognized and financed.

The Student Senate, the voice of the students, is an important function of the S.A. The S.A. officers, President, Vice-President, Treasurer, and Secretary, comprise the Executive Board of the Senate. The body of the Senate is composed of the committee chairmen, the president of the Senior Class, and representatives from each dormitory.

It is through the Senate that student activities are controlled and organized. It acts as the students' voice to the administration.

As in years past, the S.A. needs interested students with innovative ideas and time to get involved with various projects throughout the year. There are many ways in which a student can become involved with the S.A. One can work with one of the eleven Senate committees or else become a representative in the Senate. If the S.A. is to function effectively, it needs the class of 1979 to support it.

If you are interested in becoming involved with the S.A., or have any questions concerning Saint Michael's, please feel free to contact me.

Sincerely,

Buzz Ansheles  
S.A. President

Social Committee Needs Your Help!!

Hi, and welcome to St. Mike's.

My name is Kevin Ryan and I am the Social Committee Chairman for this year, and believe me, I need your help.

The Social Committee will sponsor many events this year. Highlights of these events are; Homecoming Weekend, Christmas Semi-Formal, Winter Weekend, Parents' Weekend and the Spring Weekend. This is where I can use your help. In order to make this year's social calendar the best ever, we have to start work on each event right away. I cordially invite all of you to attend the first Social Committee meeting, and take an active part in making this year our most successful yet.

For more information about the Social Committee, contact me when you arrive and are settled. I live in Alumni Hall, Room 150, and my extension is 241. Please stop by to say hello, for I need your ideas as well as your help.

Welcome again, and Good Luck in your years to come at St. Michael's College.

# Campus Rescue — Fire Teams Serve Community

by Alan Murray, Class of '75

## RESCUE SQUAD

Since its inception in the spring of 1970, Saint Michael's Rescue Squad has answered over 2400 calls to aid the sick and injured in the surrounding communities.

Responding to the area's need to have a highly-skilled and well-equipped ambulance service available, the Rescue Squad was founded by Dean of Students Donald Sutton, and a small group of interested students.

We are currently serving a populus of approximately 40,000 people, and our district encompasses nearly 170 square miles of Chittenden County itself, including the College campus, the city of Winooski, the towns of Colchester, part of Essex, Williston, St. George, Mechanicsville, Hinesburg, and a 25-mile stretch of Interstate 89.

Our roster now stands at 30 strong, and our members find themselves coming from a variety of academic majors, such as biology, political science, business administration, history, and what have you. Our membership includes freshmen,

as well as students from the other class levels, not to mention graduate students and members of the College administration.

The time necessary and the proper dedication as prerequisites for application to the Squad are a must for those who seek to serve their fellow man in this manner.

All of our personnel must successfully complete both the American Red Cross Standard and Advanced First Aid courses as well as a Vermont Heart Association-sponsored course in the techniques of cardiopulmonary resuscitation.

For those who qualify, an Emergency Medical Technician course is conducted in conjunction with the Medical Center Hospital of Vermont, offering advanced training in such areas as IV therapy, extrication, handling of the trauma patient and so forth. There is for those who so desire, the opportunity to continue such training to attain the level of training whereby one may become a nationally registered Emergency Medical Technician.

In addition to this already rigorous training curriculum, we

require that our members attend one weekly 3-hour training session, which serves to strengthen weak skills and continually refresh one in those areas needing constant practice and attention.

Attendance at regularly scheduled drills and meetings is, of course, expected. After a 6-month probationary period of membership, one may be accepted for the privilege of full membership. Our administrative and decision-making structure consists of "line officers" such as the Director, Captain, First Lieutenant and a Second Lieutenant.

Our vehicle is a 1973 GMC "modular" type ambulance, providing transportation for as many as three stretcher patients at once. This vehicle and most of its equipment were purchased with funds raised during a Squad-planned radio telethon held in the spring of 1973 in cooperation with WJOY, a local AM station.

With the advent of the new vehicle, the Northern New England Regional Medical Program, a federally funded program, in joint cooperation

with the Medical Center Hospital of Vermont here in Burlington, and Saint Michael's Rescue initiated a program known as the High-Risk Infant-Mother Transport System. This program provides transportation of premature or seriously ill newborns from outlying hospitals in Vermont and New Hampshire to the Medical Center, where the facilities and staff greatly increase the chances of survival for such infants.

In addition, we provide coverage at sporting events in the area, as well as large public functions, and fires of major proportion.

In short: the qualifications are stringent, the hours are long, the rules are strict, and the satisfaction is great!

## FIRE DEPARTMENT

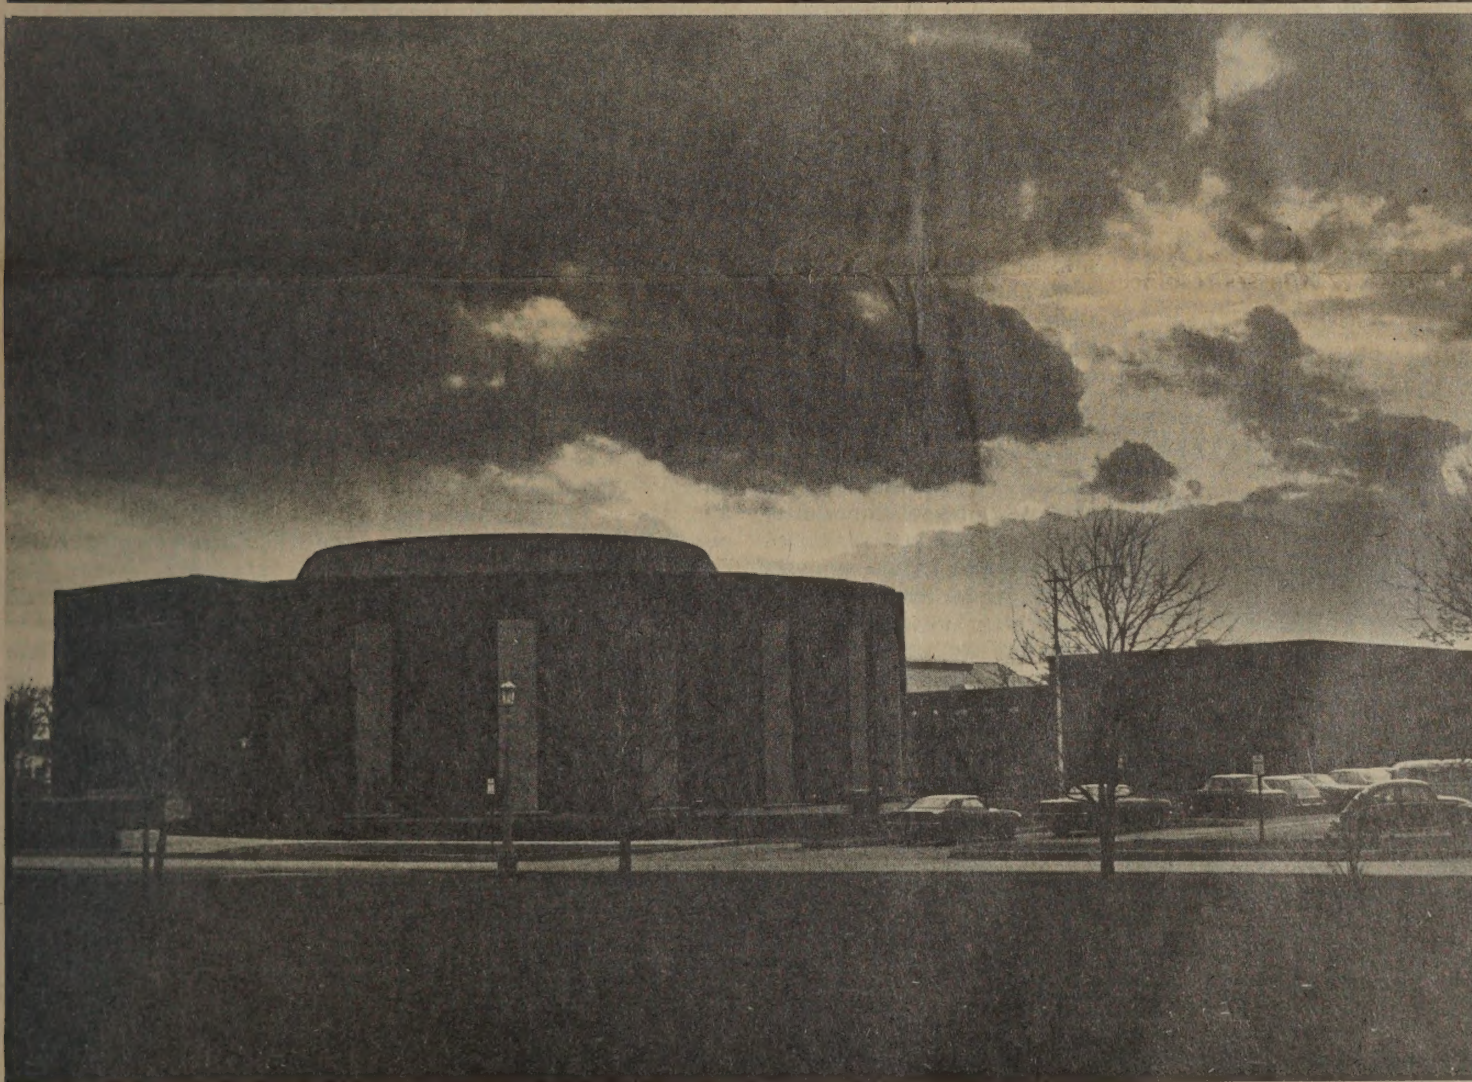

Sister organization of the Rescue Squad, and separate division within the same Fire Company, Saint Michael's Fire Department functions as a battalion of the Colchester Center Volunteer Fire Company in Fire District No. 1, Colchester.

From its humble beginning in

1970, when its sole purpose was to protect life and property on the Saint Michael's campus, it has grown to the point where it has become affiliated with the Colchester Fire Company, which boasts the largest (in terms of both manpower and equipment) volunteer department in the state.

Our roster presently stands at 30 strong, and, like the Rescue Squad, has an administrative and decision-making structure also known as "line officers". Here, too, they are similar: Chief, Assistant Chief, Captain, Lieutenant, Chief Engineer, and Assistant Engineer, as well as a Secretary.

Our pumper is a 1957 Ward-LaFrance purchased in 1970 from a small town in New Jersey by Dean of Students Donald Sutton. This engine is capable of delivering upwards of 900 gallons of water per minute at approximately 200 pounds of pressure to aid in fire-fighting. The truck itself carries 750 gallons of water on board, 1500 feet of hose, and fire-fighting gear for 10 men, as well as a host of additional equipment for fire or rescue purposes.

## Book A Visit To The Campus Library

For the first time this year, all newcomers to St. Michael's will be given an introduction to the Library during the orientation period. To remind you of what you see and hear during this busy period, you'll get a copy of *It's Your Library*, which visually covers the resources, the services, and the arrangement of the library.

Durick Library, named after one of its most famous professors, is a mine of information and recreation. It's the place to reinforce your classroom experiences, and to prepare papers and study for exams. It's even the best place to rest your weary bones with a good book or

magazine and a soft chair. Great place to make or meet a date.

While the emphasis is on printed materials, the Library has many other forms of communications materials, such as films, slides, filmstrips, transparencies, recordings, tapes, maps, prints, musical scores, and even skill games. When necessary, it has the equipment needed to use this material in the library. The conventional materials (books, microforms) are indexed in a card catalog on the main floor. The less conventional materials are indexed in computer print-outs kept near the card catalog. All of this is backed up with a

circulation and reference staff eager to help you, so don't hesitate to ask questions.

The service schedule is a generous one of 101 hours per week. While there is the possibility of change, the Library is open Sunday through Thursday from 8:30 a.m. to 1:00 a.m.; Friday and Saturday from 8:30 a.m. to 11:00 p.m.

When the Library runs out of resources to meet your needs, the staff will help you take judicious advantage of the services of other libraries in and out of the state. To use this service, however, you must begin your search for information at St. Michael's. If

there are library materials that you think belong in your Library, we want to know about it and we'll pass your recommendations on to the appropriate academic department for review.

Finally, share the use of your Library fairly with your fellow students. The vast majority of library items can be borrowed for various periods of time, so why take things without authorization? Sooner or later you'll become the victim of this bad habit. There is a copy machine in the Library to help you take it with you. We hope you'll become a daily visitor to the Library.

## 450 New Students Expected In Fall at St. Michael's

As a Freshman or newly enrolled transfer student in the September class, you are one of about 450 entrants, according to figures supplied by the Admissions Office. Jerry E. Flanagan, Director of Admissions, says he expects 265 men and 165 women in this fall's Freshman class, and some twenty transfer students to begin studies at the College this September.

The majority of the new students are from the Northeastern states, with Massachusetts, Connecticut, New York, New Jersey and Vermont being the most heavily represented. The class will have matriculants in each of the eighteen degree programs the college offers. "The Freshman Class presents a diversity of backgrounds and interests," Director Flanagan said. "This is especially beneficial here at Saint Michael's, where small classes allow the free exchange of ideas and points of view."

Although fall enrollment is set, the Admissions Office continues its operations. Presently the office is organizing and scheduling events for Freshman Orientation, and is planning this fall's recruitment effort.

Admissions officers feel that they can continue to serve you even though you have completed the admissions process. They will be available throughout the orientation period and the entire school year to assist you in whatever way you require. If you know of someone who may be interested in attending St. Michael's, the office would be happy to send them college literature and to arrange for them a campus tour.

# Residence Halls Are More Than Dormitories

As a student at St. Michael's you will be spending a great deal of your time in the residence hall to which you are assigned. The most appropriate term to ascribe to the type of lifestyles found within each residence hall is "varied," to say the least. To accommodate the differing lifestyles of students at St. Michael's, there are several different residence halls.

## —The Quad—

Perhaps the most noteworthy are the four large "quad" buildings found at the heart of Main Campus. Lyons, Alumni, Joyce and Ryan certainly have unique histories and legends all their own, stemming from both the people who have called them home, and the buildings themselves. No doubt you will become familiar with the various stories told about first snow falls on the quad and the way it was before the "women" dared to live there. But the quad buildings are much more than the legends behind them. Each of the buildings takes on a new spirit with every new group of students entering each September. They are large, four-story, Georgian structures which were built as part of a master building plan for St. Michael's. Ryan Hall, named for a former Bishop of Burlington, was the first to be built in 1951. Comprised mainly of double rooms, the buildings each accommodate approximately one hundred ninety-six students. Ryan and recently-renovated Lyons house women, while Alumni and newly-renovated Joyce house men. Each building has a lounge for each floor and Alumni, Joyce, and Ryan have large basements for student use. Laundry facilities are provided in each of the quad buildings, but the main facility is located in the basement of Joyce while Foley Linen Service can be found in Alumni basement. Lyons and Ryan each have Kitchenettes for student use.

The quad dorms are popular for many reasons, as well as being in the proximity of the library, Alliot, Sports Center, Klein Student Center and the new McCarthy Fine Arts Center.

## —South Campus—

Located on the South Campus are three truly unique and variably sized residence halls. When St. Michael's received its first students on September 13, 1904, Founders Hall, then a wooden building, and the old farm house attached to it were the only buildings of the College. Founders doubles as an administrative building and a residence hall. Popular because of the great number of single rooms, no two rooms are exactly alike. The top three floors of the building serve as living quarters in the building which has been noted as quiet and particularly suitable for studying. Easily accessible to Cheray Science Hall, Founders has long been a favorite of science majors, as well as Rescue Squad members.

Across from Founders is Senior Hall, which at one time was a small store and apartment building. The smallest of our residence halls, it is set apart

from the hubbub of main campus and its smallness lends itself to developing a community-type atmosphere among the residents. Residents of Senior Hall enjoy both a fantastic view of Mt. Mansfield and the Winooski River, as well as plenty of green grass for frisbee and cookouts.

Set back amongst towering trees, St. Edmund's is the ideal residence hall for students who like smaller groups and diversity in the type of rooms available. St. Edmund's is certainly the only building on campus with its own tennis court and there's plenty of room for a game of touch football. Both Senior and St. Edmund's house men.

## —North Campus—

When you take the bus from behind Alliot Hall and visit the North Campus, you'll find a tree-lined street with buildings which whisper of a past of uniforms and cavalry. Hamel and Purtill which each house about 65 people, served as a barracks for the army, and later the Air Force.

Each building has many singles and large doubles. The buildings are noted for their unusually high ceilings and large windows. Small enough to permit one to know most everyone who lives there, they are large enough to include the diversity and varied types of lifestyles which make residence hall living a learning and growing experience.

Linnehan, which was a PX at one time, and later served as a restaurant and night club, is one of the most unusual buildings because of the variety of rooms and its distance from main campus. Linnehan accommodates about thirty men and has lounges on each floor and a large basement area for student use.

## —Dalton Drive—

For the coming year, Saint Michael's has been fortunate enough to be able to lease four buildings on Dalton Drive at the Fort from the University of Vermont for use as residence halls. The buildings, one of which will house women, the others housing men, range in size from 10 to 20 people. The students have been chosen to live there on the basis of displayed responsibility during the past year. These buildings will provide the experience of off-campus living while remaining very accessible to campus.

## Dining Service

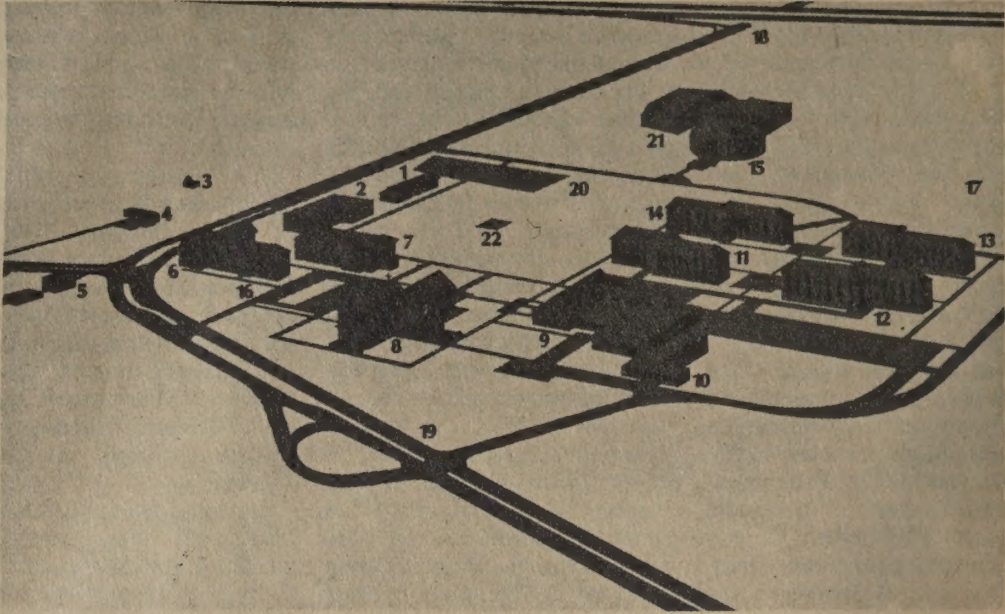

### Announces Hours

There are two dining halls on Campus. The main dining hall is located in Alliot Hall and is open the following hours:

Breakfast, 7:30 to 8:30; lunch, Monday, Wednesday, Friday, 11:30 to 1; Tuesday, Thursday, 11 to 1; supper, 4:45 to 6:15.

Weekends: coffee and donuts, 8 to 9; brunch, 11:30 to 1; supper the same as weekdays.

The Mini cafe is located in the Sloane Art Center. Meals are served on weekdays only. The hours are the following: breakfast, 8 to 9; lunch, 12 to 1; supper, 5 to 6.

ST. MICHAEL'S COLLEGE — THE MAIN CAMPUS

- |                                       |   |

# Assistance Available in Every 'Hall'

One of the first people you are likely to meet when you arrive on campus and report to your residence hall is your resident assistant (R.A.). He or she is an undergraduate student who lives on each floor of the residence hall and who is there to assist you in whatever way he or she can.

Each of these resident assistants is responsible for what takes place on your floor during the year. Besides getting you settled and answering questions the first few weeks, these people will try and get to know you as well as possible. Throughout the year, you can depend on them to be available when you have a problem or concern you need help with.

When something is in need of repair or replacement on the floor or in the hall, you should bring it to their attention, as they, in turn, will take steps to help rectify the situation. Besides their role as helpers and a communications link to the Dean of Students' office, they also are asked to make sure that each floor and the people on that floor live up to their social responsibilities to themselves and others. They are then charged with the task of maintaining an atmosphere in the residence halls which is conducive to the total growth of each student on the floor.

Also, as concerned and interested students at Saint

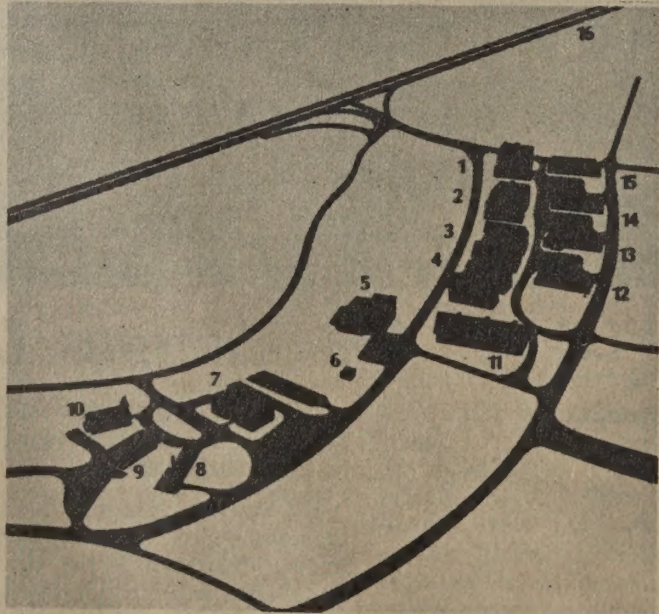

Michael's, the resident assistants will be a group that organizes activities. They will encourage you to take advantage of many of the fine opportunities which are available to you at Saint Michael's. As a group, they are also aware of what is going on in this area and will keep you posted on these events.

In addition to these floor R.A.'s the staff is comprised of two senior Head Residents and three graduate Area Co-ordinators. The Head Residents are Thomas Cullen and Kevin Love. They will be responsible for the residence halls on the South and North campus, respectively. Specifically, they are charged with the responsibility of staff co-ordination within their area.

The three co-ordinators are graduate students who will be living in the halls. Two of them, Jacki Murphy and Phil Grzewinski, will reside in Lyons and Joyce Hall. Each will be responsible for two buildings on the main campus as well as the joint supervision of the North and South campus with the Head Residents. The third Area Co-ordinator will live at the North Campus and oversee the housing on Dalton Drive.

Generally, it is the responsibility of each staff member to work closely with the students in their hall. Since they are living in the buildings with you, they are constantly aware of the problems and difficulties you face and are ready to assist you in any way. Please take advantage of their help and concern and get to know them as soon as possible during the year.

Any new student who is interested in giving tours to prospective students and their parents should stop in the Admissions Office during their first week on campus.

THE NORTH CAMPUS

# Other Campus Facilities

## Holcomb Observatory:

The Observatory is the favorite spot of star-gazers and Dr. Foley's astronomy class. If you see the door open some evening, be sure to stop by for a peek at the stars.

## Prevel Hall:

That mysterious white building across Rte. 15 from Jemery Hall houses the Purchasing Office, the Business Manager's Office and the Maintenance Office.

## Founder's First Floor:

This is the scene of many administrative functions. The Treasurer's Office, Public Relations Office, Development Office, Alumni Office and President's Office, to name a few. You will also find the Security Office on the first floor of Founder's Hall. A separate entrance leads to the switchboard and information desk as well as the infirmary.

## Cheray Science Hall:

This serves chiefly as a classroom and laboratory building as well as offices for many of the science professors.

## Alliot Hall:

Alliot Hall is often the center of campus activity since it houses the main dining hall. Also located in Alliot are the ever-popular snack bar on the second floor and the bookstore. During the first week of school the bookstore uses the second floor meeting rooms as headquarters for textbook sales. All other items are sold in the regular store. The Dean of Students' Office is also located in first floor Alliot and maintains an open-door policy to all students. Also located in Alliot are the Office of Volunteer Programs and the Chaplains' Offices. Nicolle Hall, which is connected by a walkway to Alliot, is the home of many of the priests of the Society of St. Edmund.

## On the North Campus:

Sullivan Hall is the home of both the Business and Psychology and Political Science Departments. The Psychology laboratories are located there as well as several classrooms and professors' offices.

## Sloane Art Center:

Located in Sloane is the mini-cafeteria which provides a pleasant change from the main dining hall in Alliot and is open for all three meals to all students residing on campus. It is small and much more relaxed than the main dining hall. The radio station, WWPV, is also located on the second floor of the Art Center, as is the ROTC program. Studios and professors' offices are located throughout the building.

## Dupont Language Center:

This center serves as the headquarters for the International

Student Program and is also a classroom building and has office space for Sociology, Languages, and Education Departments.

The Computer Center is located behind Purtil Hall and is the location of many classrooms as well as the college's computer terminal.

## Klein Student Center:

During the past school year many students devoted hours of their time and energy remodeling the Klein Student Center to meet the needs of the student body. The results can truly be appreciated when one compares them to the original interior of Klein. The student center now has a nicely furnished fireplace lounge which has become the scene of many a fine coffee house or activity during the last few months of the semester. A game room contains two pool tables, football, air hockey and many pin-ball machines. The center has become the favorite gathering spot for many on campus and we are sure that its popularity will increase as September draws near.

## Jemery Hall:

Jemery serves as both an administrative building and classroom building, as well as housing the Post Office. The Post Office very quickly becomes the scene of mid-morning vigils in front of the mail box. Jemery contains many faculty offices as well as the Academic Dean's Office, Registrar's Office, Admissions Office, AV Room, Counseling Center and Financial Aid Office.

## Counseling Services

### Available On Campus

The Counseling Center is open daily from 8 a.m. until 5 p.m.

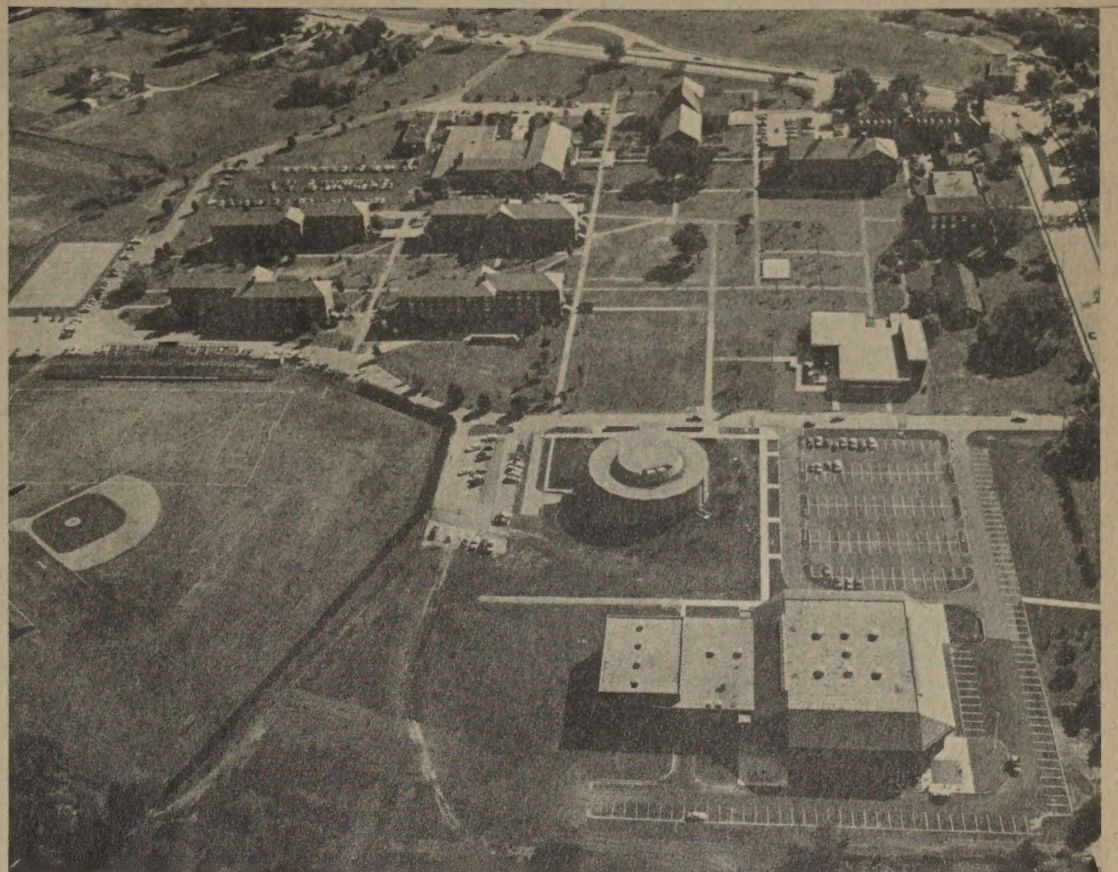

Individual and group counseling are available free of charge for all students in an atmosphere that stresses confidentiality and openness.

The primary goal is to provide a climate for personal growth and self-understanding. Problems common to all students are handled in a positive and supportive manner.

Additionally, academic counseling as well as vocational counseling and testing are available.

The Counseling Center is located in Jemery Hall on the second floor, room 204. Someone is there to receive you at all times.

Your counselors are Maurice Ouellet, S.S.E. and Dorothy Portnow.

# What To Bring, What Not To Bring

You may be wondering what types of furnishings you will need for your room, as well as other useful items to bring with you for your first semester at St. Michael's. Although each student certainly has his or her own preference about how much of what to bring, there are certain "basics" one should not be without.

All student rooms are furnished with a bed, desk, chair and chest of drawers for each student. Also provided are a pillow and wastebasket. Adequate closet space is available in each room and most of the residence halls have trunk storage space. Although all rooms are lit, it is advisable to bring a desk or reading lamp for studying.

Many students wait until arriving on campus to purchase furnishings for their rooms so that they may coordinate their belongings with their roommates. Most rooms do not need two stereos or refrigerators. Refrigerators are allowed, but an extra charge of approximately \$7.00 per semester is assessed to cover the cost of electricity.

Most of the residence hall student rooms are carpeted, the exceptions being Linnehan, St. Edmunds and Founders. All rooms have venetian blinds for the windows, which vary in size according to the building. If you plan on purchasing drapes or curtains for your room, it is wise to wait until you can measure the window.

You may also be wondering what types of clothing to bring for the coming year. You will find that functional clothing like sturdy boots or shoes, dungarees, heavy sweaters and rain ponchos or jackets make a great deal of sense in the unpredictable Burlington weather. There will be many hot days left in September, so be sure to bring summer clothing as well. For the winter, which will probably come early, down jackets and vests have been popular in the past as well as heavy flannel shirts and turtle-neck sweaters.

There may be occasions that call for more formal clothing than jeans and a sweater, so it is wise to bring some dressier clothing. The key to dressing around St. Michael's is actually anything you like to wear and

feel comfortable in. Most of the time the atmosphere is very casual and comfortable.

If you are interested in sports of any type, it is probably wise to bring any equipment that you might be using during the year. You won't find it hard to get a softball game going, so bring your glove. A bathing suit is needed to swim in the Ross Sports Center swimming pool.

If you have any other questions concerning items to bring, do not hesitate to contact the Dean of Students' office.

Please Leave  
Your Pets  
At Home

## Need Something?

### Check the Bookstore

Where can you find everything from sweatshirts to notebooks to health aids all within two minutes from your dorm? — at St. Michael's College Bookstore. The Bookstore sells all of the supplies you need, not only for the classroom, but also for your dormitory room. They sell clocks, lamps, posters, art prints, stationery, pens, pencils, binders, gift items, paperbacks, and art supplies, and more. Their most popular items are t-shirts, laundry bags, jackets and sweatshirts with the St. Michael's College insignia on them.

For all of the student body the biggest problem at the start of the semester is the purchase of textbooks. All textbooks are sold upstairs in Alliot Hall. It's always advisable to attend several classes in each course before buying your textbooks in case you decide to drop the course. Also, many of the courses at St. Michael's are divided into different sections, and each section may use different texts.

The upstairs bookstore will be open Monday-Friday from 9:00 a.m.-4:00 p.m., September 1-September 19. On the 19th all books will be moved downstairs until October 15th, after which they will be returned to the publishers. Books may be purchased on a cash (or check) basis only.

## Chaplains: Those Friendly Chaps

St. Michael's College has two full-time Chaplains, Father Ray Doherty and Father Charlie Ranges. Both priests are members of the Society of St. Edmund. Their offices are located in Alliot Hall, rooms 105 and 107.

Although the role of a College Chaplain is not easily definable, the St. Michael's Chaplains feel that their primary task is to be available to students. You will be just as apt to meet them in the students' dining room and snack bar as you will in their Alliot Hall offices.

Both Chaplains place great stress on the liturgy, on developing, with the help of students, Masses and homilies that have a special student orientation. In fact, the St. Michael's Folk Mass group has become renowned in the Burlington area, and the Sunday night nine o'clock Mass has become one of the highlights for students each week. In the beautiful St. Michael the Archangel Chapel, there are two daily Masses at 11:40 a.m. and 4:30 p.m. Sunday Masses are at 4:30 p.m. on Saturday and 11:00 a.m. and 9:00 p.m. on Sunday.

The Chaplains are also called upon at times to counsel students. Father Ranges has a Master's Degree in counseling from the University of Vermont, and Father Doherty has been pursuing pastoral counseling training for the past four years, both at Georgetown University and the Vermont State Hospital. The Chaplains work closely with the St. Michael's Counseling Office in this regard.

Fathers Doherty and Ranges will especially want to meet and get to know new students. They carry their "welcome mat" with them.

## IMPORTANT NOTICE regarding PRE-REGISTRATION

A Freshman Manual and pre-registration material were sent to each Freshman on June 1st.

Pre-registration cards were to be returned to Miss McNamara on July 1st.

If you did not receive the Manual please CALL the registrar's office immediately and another will be sent to you.

802-655-2000 X227

If you have not returned a schedule card, please do so TODAY.

# Burlington Area Offers A Variety Of Activities

Although Burlington is a small city, one can easily find a variety of activities suiting nearly every desire in the area. It is also one of the few cities left where the traditional "downtown" is still the hubbub of activity. Church Street is a busy little main street of the city from the early morning until late in the evening. Plans are presently in the works to convert Church Street into a walking mall. One can find a variety of interesting shops, restaurants and night spots within easy walking distance of the downtown area.

In an effort to acquaint you with the Burlington area and its attractions we are providing a list of restaurants, theaters and other areas of interest. Since half the fun of enjoying a place is in discovering it for yourself, we have left room for some of your exploring.

### RESTAURANTS

Aunt Sara's Pancake House  
1080 Shelburne Road  
Excellent for breakfast

Black Angus Steak House  
1710 Shelburne Road  
Excellent steaks; salad bar

Cafe Shelburne  
Shelburne, Vermont  
French cuisine at its finest,  
Parisian atmosphere

Carbur's  
St. Paul Street  
Burlington  
New favorite spot for a crazy  
sandwich and Heineken on tap

Golden Dragon  
144 Church Street  
Good Chinese food

The Pierre Restaurant  
Old Colchester Village  
Charming atmosphere,  
excellent food

Sirloin Saloon  
Shelburne Road  
Popular for steak and salad  
bar/good for the parents

Swiss Pot  
1242 Shelburne Road  
For fondue and salad, the best

Taj Mahal  
College Street  
Burlington  
Excellent curry, Indian food

Tortilla Flat  
317 Riverside Avenue  
Mexican food at its best, casual  
atmosphere

### SNACKS AND MUNCHIES

All American Hero  
161 Main Street  
The best in heros and bagels to  
take out, beer and soda

Big Ben's Pizza Pub  
207 Colchester Avenue  
Favorite of Trinity girls,  
good pizza

Big Burger  
1200 Williston Road  
Hamburgers, fast and good

Dairy Queen  
237 N. Winooski Avenue

Dunkin Donuts  
Williston Road, Shelburne Road  
and Essex Junction  
Good for late night studying

Fresh Ground Coffee House  
173 Church Street  
Excellent coffee, tea,  
cheesecake  
good natural foods

McDonald's  
Williston Road and  
Essex Junction  
It's the same everywhere

Tower  
Good subs and pizzas  
Williston Road and  
Essex Junction

### THEATERS

Carrol's Plaza I and II  
Dorset Street  
South Burlington  
862-4343

Cinema I and II  
Shelburne Road  
South Burlington  
862-5070

Essex Twin Cinema  
62 Pearl Street  
Essex Junction  
879-0600

Flynn Theater  
152 Main Street  
Burlington  
862-5121

Merrill's Showcase I and II  
Williston Road  
South Burlington  
863-4404

State Theater  
156 Bank Street  
Burlington  
862-2811

### NIGHT SPOTS

B. T. McGuire's  
Church Street  
above Hannibal's, nice  
atmosphere, good sandwiches,  
Heineken on tap

Hannibal's  
Popular among both UVM and  
St. Michael's students alike

Last Chance  
Popular gathering spot for  
St. Michael's students  
147 Main Street  
Burlington

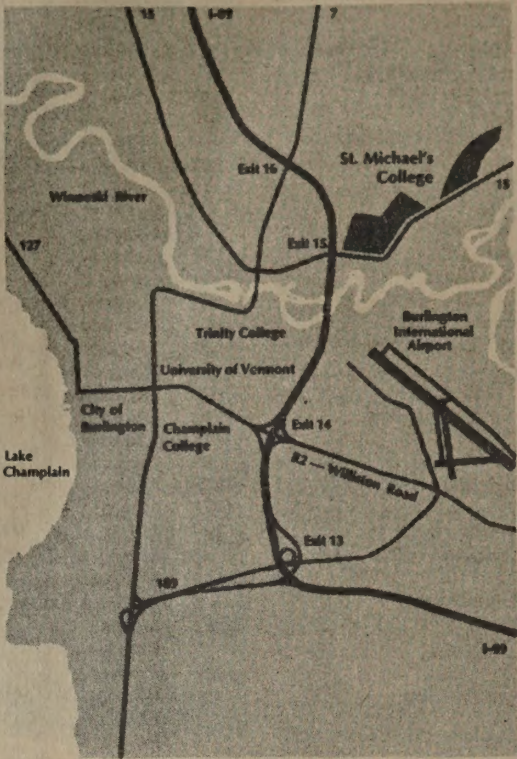

The Mill  
24 Weaver Street  
Winooski  
A traditional St. Michael's  
gathering spot, nice fireplace  
in the winter

Millard-Fillmore  
4 North Winooski Avenue  
Nice bar with open air front

The Office  
Church Street  
Quiet bar — good for lunch

The Silver Keg  
St. Paul Street  
Burlington  
Good spot to dance

The Sting  
Pearl Street  
Burlington  
Popular spot for dancing

### THE BURLINGTON VERMONT AREA

#### MAKE YOUR RESERVATIONS EARLY

if your parents are planning on bringing you to St. Michael's on Saturday, August 30th and spending the night in the Burlington area we advise you to make motel reservations very soon. The following is a partial listing of area motels and phone numbers. Each of these motels is within easy access of both the interstate and Saint Michael's College.

Baker's Motel  
65 Pearl Street  
Essex Junction  
878-3343

Colonial Motor Inn  
462 Shelburne Road  
Burlington  
862-5754

Handy's Town House Motel  
1330 Shelburne Road  
Burlington  
862-9608

Holiday Inn  
1068 Williston Road  
Burlington  
863-6361

Ho-Hum Motel  
1660 Williston Road  
So. Burlington  
863-4551

Howard Johnsons  
Williston Road  
Burlington  
863-5541

Ramada Inn  
1117 Williston Road  
Burlington  
658-0250

Redwood Motel  
1016 Shelburne Road  
So. Burlington  
862-6421

Sheraton Motor Inn  
870 Williston Road  
Burlington  
862-6576

Besides restaurants and theaters, one can find a variety of things to do on a Saturday or Sunday afternoon throughout the Burlington area. One of the most fascinating aspects of Burlington is certainly beautiful Lake Champlain. From September to September the Lake is full of activity. Before the Lake freezes over, be sure to take a trip on the Port Kent Scenic Line Ferry. Bring your bicycle for a slight extra charge, and ride to Ausable Chasm for the day. The crossing takes approximately fifty minutes and is beautiful on a clear day. Canoeing and sailing are ever-popular on Lake Champlain, and if you are interested in trying either out, there are rentals available in the area. Canoes are available at Canoe Imports, 745 South Willard Street, Burlington. Sailboats can be rented from either Fischer's Landing, Rt. F5, Charlotte, or Everyman Sailboat Company, Rt. 127, Malletts Bay, Colchester. A day on the Lake is both great fun and exercise.

During the winter the Lake is transformed into a little village of ice fishing huts. Shelburne Bay is often the scene of sports

car rallies on the ice and, of course, hundreds of ice skaters and hockey players. Finally, if you are interested in fishing in any one of the hundreds of mountain streams or rivers in the area, college students who have completed two or more successive semesters at their college may obtain a fishing license at resident rates from the city clerk in Winooski.

You will find a variety of parks and swimming areas on the shore of the Lake, both in Malletts Bay and Shelburne Bay. Cliffside Park and Red Rocks, off Shelburne Road, are popular areas for both picnics and a cool dip. Cliffside has tennis courts, plenty of space for softball or football and many fireplaces.

Another favorite of many St. Michael's students is a weekend of hiking and camping on one of the many trails in the Green Mountains. The "footpath through the wilderness", the Long Trail, and many of its side trails are located throughout the area on both Camel's Hump and Mt. Mansfield. There are many Green Mountain Club cabins maintained on both mountains which are popular throughout the year.

Perhaps it is more than obvious to say that Burlington is situated within one of the best skiing areas in the East, but that is the case. Both Alpine and Nordic skiing enjoy immense popularity among college students in the area, as well as every other age group. Conveniently located to both Stowe and other areas of Vermont, Burlington provides an excellent opportunity to ski in some of the best conditions in the east. We have listed here just a few of the local ski areas and brief descriptions concerning their rates and the area itself. There are many other areas within a few hours' drive. The trails at these areas offer both a challenge to the expert as well as learning facilities for the beginner.

#### Bolton Valley

Four miles off Rte. 2 and Interstate 89, 6 miles west of Waterbury. Four double chairlifts serve 3 novice, 2 novice intermediate, 6 intermediate and 4 expert trails. They also have 15 miles of cross-country trails, and night skiing during the week.

#### Glen Ellen

Fayston, Vt., three miles west of Waitsfield on Route 100. Four double chairs, 1 poma-lift, 13 novice slopes, 18 intermediate and 5 expert trails, cross-country skiing.

#### Mad River Glen

Waitsfield on Route 17, five miles off Route 100. Three double chairs, 1 single chair, 20 novice to expert trails and four open slopes.

#### Smugglers' Notch

Stowe, Vermont. A three-mountain resort and ski complex, consisting of Morse, Sterling and Madonna Mountains. Partially located in Jeffersonville, Vt. Offers a ten-dollar ski pass which entitles students to a five-dollar discount during the week and seven-dollar discount during the weekend. This season they will offer a special package for the beginning skier called the BASH student Ski pass. At a cost of fifty dollars the pass holder will be entitled to the same discount as with the college pass, plus the use of rental equipment during midweek. During last year's season over 4,000 students from the area had student passes. Smugglers Notch also offers many special events geared to college students throughout the season.

Cross-country skiing is a growing pastime all over the Burlington area. There are several places in the area where equipment can be rented for the day. Eastern Mountain Sports and the Ski Rack rent skis by the day or the week. Trollheim Nordic Center in Essex Junction, as well as the famous Trapp Family Lodge in Stowe rent equipment and have miles of beautiful mountain trails to enjoy. Nothing could be more enjoyable than a day of cross-country skiing in the Green Mountains. Many students choose to ski right around the St. Michael's campus on the paths overlooking the Winooski.

## Black Student Union Formed

by Billie Miles

The Black Student Union at Saint Michael's was officially established at a campus organization during the recent 1974-75 academic year. But the B.S.U. has been working in the past to help meet the needs of the minority student body.

The club offers the minority student a point of reference here at Saint Michael's College. It tries to help the student cope with a new set of problems, trying to make life here as smooth as possible, recognizing the fact that the students' major concern is his studies.

The B.S.U. is a group of students who are familiar with life here at St. Michael's and who are willing to share their experience and help. The B.S.U. also works closely with the administration in their recruitment efforts.

We keep an open line of communication with the Black Student Union at the nearby University of Vermont. This keeps us in touch with their activities and offers a wider range of things to do.

The B.S.U. looks forward to a productive year and would like to welcome the entire freshman class to Saint Michael's!

See you in September!!!

## Political Club Plans Activities

by Billie Miles

The Political Science Club at Saint Michael's College offers the student who is interested a chance to get involved in one phase of campus activity.

The club welcomes Political Science concentrators as well as non-concentrators. An interest and willingness to work are the major requirements.

The club will be involved in efforts to bring various political speakers on campus. It will also be working in "cross-departmental" activities, such as debates between political science professors on various subjects.

The political science faculty and the political science club will also "brainstorm" various aspects of the political science curriculum. The faculty is also very helpful and interested in the activities of the political science club. The possibilities for involvement in the P.S.C. are there as well as with other campus organizations; we need you!

Welcome to Saint Michael's College and to a place where the individual can grow.

## Student Magazine Seeks Material

The *Onion River Review* is probably the most innovative of all campus publications. Through its magazine format it allows students to submit any original material including drawings, poetry, essays, and short stories. The board of student editors reviews the writings and publish selected ones.

Every individual has some creative inclination and by having a magazine like *The Review* each Michaelman has an opportunity to express his creativity.

St. Michael's College Chaplain — Father Raymond Doherty, S.S.E.

## Edmundites, Founders of St. Michael's College, Have Long, Colorful History

In the summer of 1892 two Edmundites journeyed from France to South Hero, Vt. A spirit of anticlericalism had made the existence of the Society of Saint Edmund, which was founded in France of 1843, somewhat precarious. The community in America, in spite of many difficulties and obstacles, flourished and in 1902 a plot of land was acquired in Winooski, Vt. A novitiate and scholasticate were opened and in 1904 St. Michael's Institute was founded.

The high school enrolling a handful of students eventually grew into St. Michael's College with an attendance of over 1,500 students. The one-room wooden building providing dormitory and classroom space expanded to a north and south campus covered by a variety of buildings — many of which were named after Edmundites who played such an important role in the formation of the college and its criteria. In the early days of the

college the faculty was composed entirely of Edmundites, but due to the expansion of students and academic interests a wider range of personnel for the classrooms was sought.

Today, although many laymen and women hold positions at St. Michael's College, the college is still conducted under the auspices of the Society of Saint Edmund. Edmundites serve in the classroom, in the administration, in the counseling office and as chaplains.

Chaplains Father Raymond Doherty and Charles Ranges are busy organizing and arranging religious activities and being available for spiritual and personal counseling. Father Raymond Doherty arrived on the campus in 1967 and notes "an increased interest in religion. God is alive at St. Michael's College and there are a growing number of students who want to develop a relationship with Him."

## "The Freshmen Reception"

... a true life story of how classmates meet at a college "affair"; designed to unlock the intrigue about the "move" to Saint Michael's College.

The Alumni Association, in cooperation with its various chapters, organizes these functions so the Class of '79 can meet their classmates, present students and alumni of the College. SMC is a closely knit family where a hallmark is, "service to each other."

The following receptions have been organized for you and your family:

- August 4 Burlington Alumni Chapter, 7:30, Alliot Hall Lounge. Guest speaker — Dean of Students Staff.
  - August 5 Fairfield-Westchester Alumni Chapter, 6:30, Manero's Restaurant. Guest speaker — Father Leon Paulin.
  - August 5 Northern Connecticut Alumni Chapter, 7:30, Lord Cromwell Restaurant, Guest speaker — Mr. Jerry Flanagan, Director of Admissions.
  - August 6 Connecticut Valley (Springfield) Alumni Chapter, 7:30, The Kimball Towers — The Guntery. Guest Speaker — Mr. Jerry Flanagan, Director of Admissions.
  - August 6 Long Island Alumni Chapter, 7:00, Milleridge Inn. Guest Speaker — Father Leon Paulin.
  - August 7 Boston Alumni Chapter, 7:00, Boston College Alumni Hall. Guest Speaker — Mr. Jerry Flanagan, Director of Admissions.
  - August 7 New Jersey Alumni Chapter, 7:30, Holiday Inn, Wayne, N.J. Guest Speaker — Father Leon Paulin.
- We hope to see you there!

## Basic Educational Opportunity Grant Program

The Financial Aid Office would like to remind all students receiving financial aid to file for the Basic Educational Opportunity Grant. Applications are available at the Financial Aid Office, high schools, and public libraries. You may apply for a Basic Grant if you did not attend a post-secondary school before April 1, 1973.

## THE PROGRAM IN ENGLISH FOR INTERNATIONAL STUDENTS INVITES YOU TO DISCOVER THE WORLD

If you're interested in meeting, talking with and coming to know International Students, and learning about other cultures, stop in and visit us at the "International Student Center", DuPont Language Center, North Campus, or call Ext. 300, anytime.

## WELCOME TO THE CLASS OF 1979!

The ALUMNI ASSOCIATION is *not* strictly for graduates of SMC.

The ALUMNI ASSOCIATION *is* interested in you as a student.

*We can help you* get acquainted through our Freshman Reception Program. We will hold seven this year to assist you in finding out more about SMC. (Last year over 350 people attended these receptions.)

*We can help you* with your profession. By putting you in touch with an alumni career counselor, you will learn first-hand about your career choice.

*We can help you* and your parents discover Saint Michael's College and its alumni through the SMC magazine.

*We can help you!*

For more information contact Rit DiVenere '67, in the Alumni Office — Founders Hall Room 103.

"The ALUMNI ASSOCIATION is here to serve you."

Intramurals — Sports For Everyone

In discussing the intramural program it is important that we first state the philosophy of the Athletic Department toward this subject. Since there is no Physical Education curriculum on campus, the intramural (intrahouse) program becomes the backbone of our recreational endeavors. It is the responsibility of the Athletic Office to provide the best possible programs for the students within the limitations of economic feasibility, proper direction, adequate facilities and genuine interest. This department will provide comparable athletic activities whenever possible, for all students in accordance with the desires expressed by the students through their athletic representative at Intrahouse Athletic Committee meetings. Since its inception, the Intramural Sports Program has played a vital role in the athletic department. It gives the student an opportunity to become actively involved in the athletic program while offering him/her the chance to meet fellow students. Each of you will find the program challenging and enjoyable.

The Intramural program is under the direction of Mr. Zafir Bludevich, who will also be the college trainer. Zaf is a graduate of Norwich University and has a Master's Degree in Physical Education from N.U. Sports included in the program are football, basketball, softball, poly-hockey, golf, volleyball, bowling, swimming and tennis. Teams for each sport are determined by the house where you reside. Each two floors of a dorm constitute a house. Women as well as men are invited to participate in intramurals. A formal women's intramural league will be established to parallel the men's league. The women, through their athletic representative, can indicate their preferences in programs. It will be coordinated by the Intramural Director. Remember, for intramurals to succeed it is up to each and every student to participate in the program. The Intramural Director, in conjunction with the House Athletic Chairman, draws up the sports program and schedules. All schedules are set around exist-

ing varsity dates so as to avoid conflicts and to offer continual activities throughout the school year. All rules and regulations pertinent to the proper functioning of the various sports and leagues are agreed upon by those representatives of each House and approved by the Intramural and Athletic Directors. The Student Senate annually appoints an Athletic Chairman to help coordinate all athletic activities with this department. Extramural activities such as the dance program, water safety instruction and life-saving may be offered at a minimal expense to the interested student. Awards are provided for winning teams at the annual Intrahouse Champions Banquet held in early May. The All Sports Trophy is presented to the House accumulating the highest number of points in the overall competition. The Intrahouse competition has always been a fiercely contested endeavor. We urge all students to contribute to the efforts of his or her House by participating in as many events as possible.

New Castle For The Knights

The beautiful Vincent C. Ross Sports Center is unquestionably one of the finest facilities of its kind in the northeast. The Ross Sports Center, which has intensified student participation in both intramural and recreational sports activities at the college, was opened in July, 1973. The spacious Center houses a 200 foot by 110 foot gymnasium with six regular basketball backboards and two intercollegiate boards. Other highlights of the arena are: a permanent seating section with 220 individual lounge chairs; scoreboards easily seen by players and spectators alike; a superb maple playing surface; a special press section; and excellent lighting. Two lounges also overlook the arena. Also in Ross Center is the first pool in College history, 23 meters long by six lanes wide. It has both 1-meter and 3-meter diving boards. An attractive lobby and trophy display area leads to a large exercise-wrestling room, classrooms, women's dance studio and dressing rooms. On the second level are team locker rooms, a well-equipped and professionally manned training room, officials' rooms, showers, and related facilities. **Gym Schedule:** The Ross Sports Center is open and available to all students from 8:30 a.m. till 10:00 p.m. on weekdays and from 1:00 p.m. till 6:00 p.m. on Saturdays. Sunday hours are from 1:00 p.m. till 9:00 p.m. This includes the gym, classroom, dance studio and exercise room. **Swimming pool hours:** Monday through Friday: 4:00 p.m. till 9:30 p.m. Saturday and Sunday: 1:00 p.m. till 5:00 p.m.

Announcement of JOGGING-FITNESS PROGRAM AT SMC

Several people on campus, both students and faculty-staff, are interested in beginning a daily program in jogging-fitness. The program will be built around the Cooper 12-minute field test for men and women. The daily sessions will begin meeting immediately in September. It is not necessary to come every day, in order to participate. However, two times a week would be considered the minimum time to obtain benefits. Paula Thompson, in the Biology Department (ext. 327), is coordinating the program and should be contacted for further information.
